MEDIT *i*900 Mobility

Beyond Wireless,
True Mobility

True Mobility

Freedom to scan anytime, anywhere.

Minimal Learning Curve

Buy today, scan tomorrow. Intuitive UI eliminates the need for training, just open and scan.

Instant Setup and No Downtime

Start scanning the moment the app opens. Always up to date-no OS or driver headaches.

Engage Patients. Empower Teams.

Show scans, explain clearly, boost treatment acceptance. Share cases and tasks in real time-work as one, anywhere.

Medit Link Ecosystem

From scan to consultation to order-stay connected every step with Medit Link & Medit Link Express.

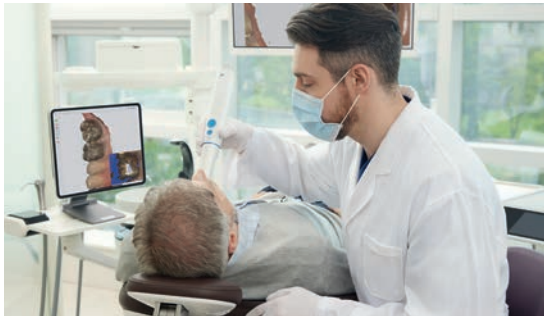
True Mobility, Real Benefits for Everyone.

Designed for Doctors, Loved by Patients, Empowering Teams

Clinical Flexibility

Connected Experience

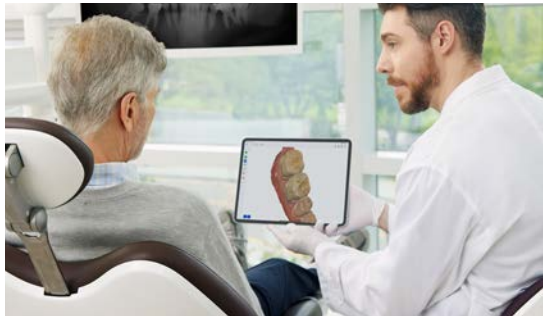
Clinicians



Focus on Clinical Freedom and Comfort

Scan anywhere for optimal ergonomics. Position the scanner for comfort, reduce physical strain.

Patients



Clarity & Confidence

Show and explain with real scan visuals. Patients understand instantly.

Dental Team

Minimal Learning Curve

No specialists required. Any staff can easily start scanning right away.

True Mobility, Your Way

Enabling Your Vision and Next-Level Experiences with *i*900 Mobility.

Chairside Scanning

- Use one device across multiple chairs in busy practices

Seminars & Mission Trips

- Deliver live scan demos at conferences, seminars, or off-site events

Mobile Dentistry & Community Outreach

- Community center pop-up clinics and field screening events

Remote Work & After-Hours Access

- Approve or place orders on the go — even from the car

MEDIT *i*900 Mobility

Wider FOV

(Field of View)
18x15mm

Reusable Tips

(Three sizes- L,M,S)

Robust and Durable Construction

Minimizes gaps between components. Offering protection comparable to devices with waterproof ratings.

Battery Management System Built-in

1 hour of continuous operation with smart battery notification

**It may vary depending on the user's environment.*

Beyond Wireless, **True Mobility**

True Mobility, Built for Everyday Practice.

With Medit Link Express on iPad, Build Your Digital Dentistry Journey

1st iPad-Native Standalone App

A dedicated app built exclusively for iPad, optimized for mobile intraoral scanning workflows.

Optimized for Scan & Send

Focused workflow from patient registration to scanning and sending, enabling fast clinical turnaround.

Simple and Intuitive User Experience

Streamlined interface with only essential functions, enabling quick adoption with minimal learning curve.

Fast Setup, Minimal Maintenance

Short startup time and automatic updates reduce IT overhead and allow seamless usage.

Seamless Medit Link Synchronization

All case data is automatically synced with Medit Link, enabling seamless handoff between iPad and desktop.

Essential Features Built-In

Easily complete core actions like account sign-up and partnership requests directly within Medit Link Express.

* The iPad is not bundled with the Medit i900 Mobility; customers are advised to purchase it separately if needed.
* Recommended iPad model: M4 (11 inch or 13 inch)

A Native iPad Experience:

SCAN. ENGAGE. SEND.

Medit *i*900 Mobility

Powering Accuracy with Innovation

3rd-Gen Optics, Sharper Than Ever

Advanced 10-bit imaging for ultra-realistic scan results.

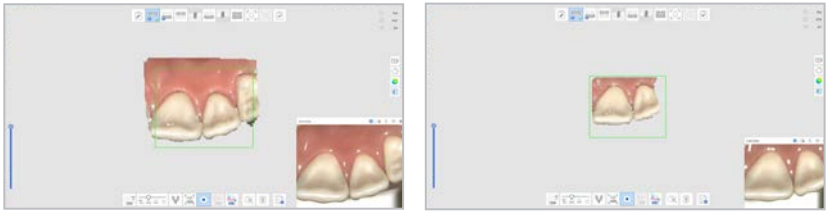
- Enhanced clarity with higher bit depth
- True-to-life color reproduction
- High-resolution texture recognition

Medit 10-bit imaging technology | Comparative Product

Wider View, Faster Workflows

18×15mm FOV and 30mm depth for broader, deeper capture.

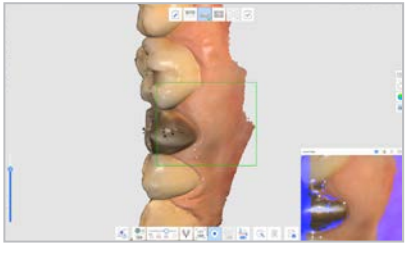
- Capture more per pass
- Ideal for complex or posterior regions
- Reduces scan time



Medit i900 Mobility | Comparative Product

Sharper, Smarter Metal Scanning

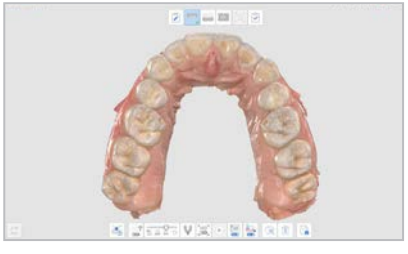
Built-in Smart filters for accurate scans on reflective surfaces.



- Metal-optimized filtering
- Reduced noise, clearer surfaces
- Reliable even in complex prosthetic cases

Glossy Mode

Revolutionary rendering for Ultra-Realistic.



- Realistic 3D visualization

All Medit scanners are designed to evolve - regular software updates unlock new features and performance enhancements, ensuring your device keeps getting better over time.

Smarter Hardware. Greater Possibilities.

Two Ways to Connect, One Seamless Experience

Hub or Wi-Fi? i900M fits your workflow.

- Choose traditional hub or Direct Wi-Fi Connection
- iPad supports Direct Connection only
- Flexible setup across devices and clinics

iPad
Wireless connection

Laptop

With a cradle / hub

Smart Battery Management, All-Day Performance

Efficiency, protection, and power—built in.

- Up to 1 hour of continuous scanning *(*It may vary depending on the user's environment.)*
- Smart charging reduces heat and extends battery life
- Real-time battery alerts in Medit Link apps
- Auto-protection from overheat or voltage issues

Battery Charger LED

Real-Time Alerts Example

Fast, Wireless, Worry-Free

Wifi 6E

Supports the latest Wi-Fi 6E standard.

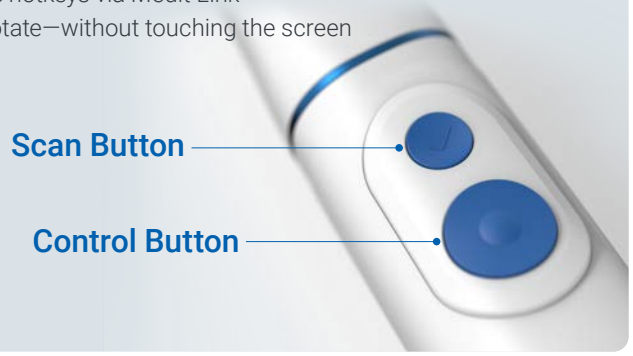
- Automatically Finds the Fastest available Wi-Fi nearby You.

	Wi-Fi 5	Wi-Fi 6	**Wi-Fi 6E**
Frequency Bands	5GHz	2.4GHz +5GHz	2.4GHz +5GHz + NEW 6GHz
Maximum Speed	Up to 3.5Gbps	Up to 9.6Gbps	Up to 9.6Gbps with more bandwidth & less interference

Intuitive Scan & Control Buttons

Effortless operation at your fingertips.

- Start/stop with tactile silicone buttons
- Customizable hotkeys via Medit Link
- Pan, zoom, rotate—without touching the screen

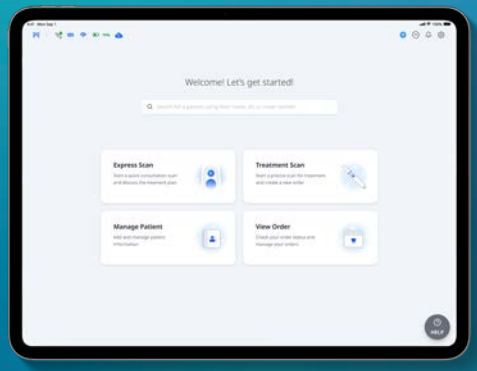


Medit Link Express

Effortless Mobile Scanning

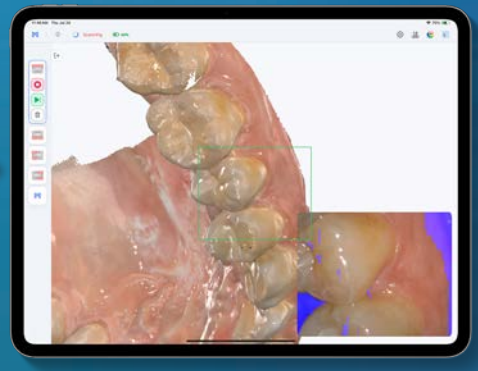
A standalone app for iPad. Scan and send instantly, anytime, anywhere.

Create



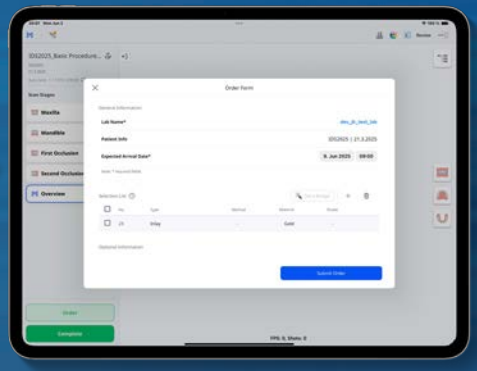
- Start scanning with Express Scan Mode or with Treatment Scan Mode depending on your workflow preference.
- Simple workflows tailored to your needs.

Scan



- Quick and intuitive scanning with a streamlined UI.
- Essential tools only—designed for speed and simplicity.
- Real-time screen sharing enhances patient consultations.

Send



- After scanning, easily send orders with just a few taps.
- Add attachments and notes to include key case details.

Ready Today, Smarter Tomorrow.

Ready out of the box with automatic updates and ongoing improvements.

Express

A Paradigm Shift in Dental Workflow

Every Patient Deserves Instant Clarity.

Express Scan Mode

Fast Scans, Instant Conversations

Start scanning instantly.
No patient registration required.

This mode is faster, helping patients see and understand their oral condition in real time.

For visual reference use only. Not intended for prosthetic fabrication.

Rebuilt for Blazing Speed & Performance

Show 3D scans instantly on iPad and build transparent trust.

Increase treatment acceptance through interactive communication

Show More, Earn Trust, Deliver Faster.

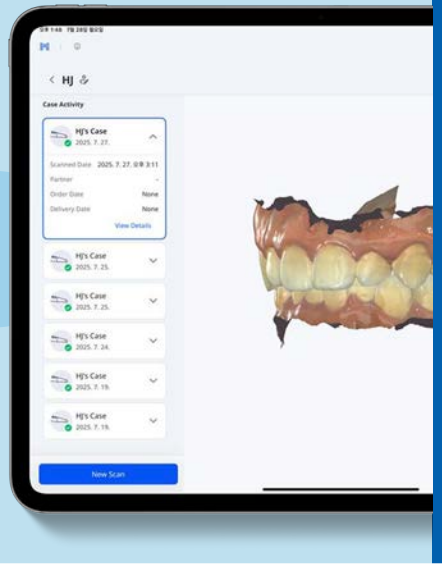
True Mobility, Your Way

Choose the Version That Fits Your Needs—Light or Full, We've Got You Covered.

MEDIT Link Express

Simplified scanning, anywhere.

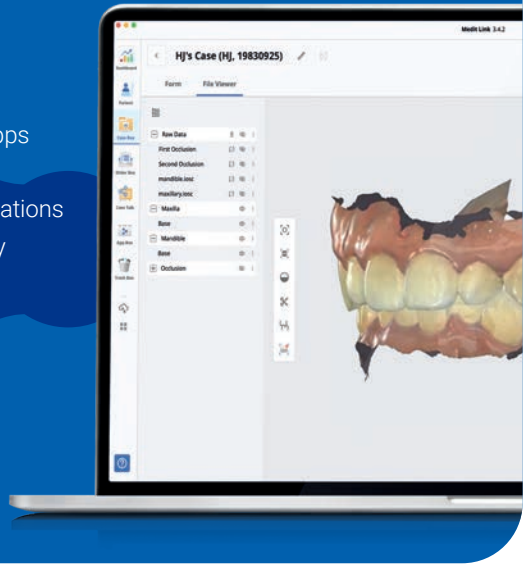
- Optimized for Scan & Send workflows with intuitive UI
- Ideal for quick scans and patient consultations
- Runs exclusively on iPad (standalone app)



MEDIT Link

Advanced platform for expert users.

- Full access to all Medit apps and workflows
- Supports 3rd-party integrations for expanded functionality
- Requires PC installation (Windows / Mac)



Medit Link Express - Seamless Medit Link Synchronization

One Account. Fully Connected.

Use the same Medit account to access both Medit Link and Express. Your data stays automatically synced across platforms.

Built for Workflow Flexibility

Start with quick scans and chairside consultations in Medit Link Express. Switch to Medit Link for advanced features and app-based workflows.

No Extra Fees. Full Access.

Enjoy complete functionality across both platforms without additional subscriptions.

Your Tools, Your Way

Recommended Configuration

Simple Process Preferred Type

For clinics new to digital or focused on fast, simplified workflows. Prioritizing communication and patient engagement.

Advanced Workflow Type

For clinics experienced in digital dentistry or operating complex environments.

Hybrid & Expansion Type

For existing Medit users looking to add mobility without disrupting current workflows.

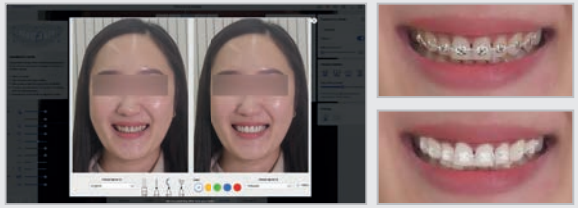
Medit Apps & Solutions

Consultation

Medit Smile Design

Visual Smile Simulation for Patient Engagement

- Show realistic before & after images
- Boost case acceptance with personalized smile design

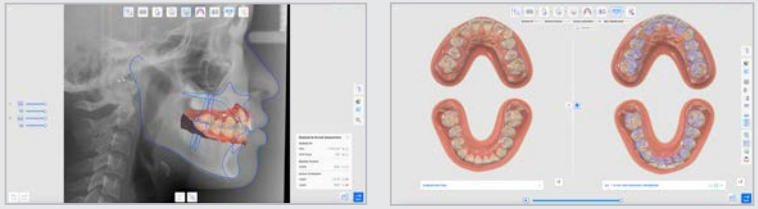


Before & After Simulation

Medit Orthodontic Suite

Chairside Orthodontic Planning & Simulation

- Combine simulation and treatment planning in one app
- Supports multiple treatment types for doctor-led ortho care

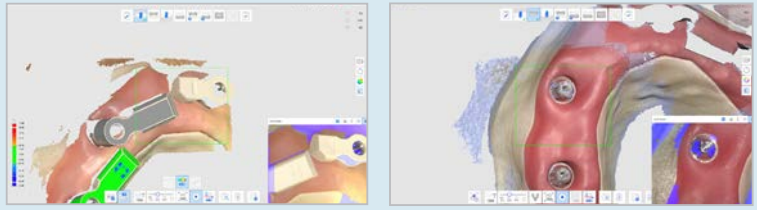


Scanning Solution

Medit SmartX

Intuitive All-On-X Scanning Workflow

- Intuitive, step-by-step workflow for easy full-arch implant scanning
- Ensure scan accuracy with real-time library matching and automatic alignment



Denture Workflow

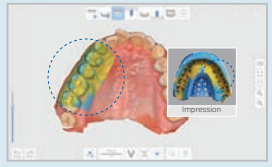
Clinically optimized denture scanning workflow

- Effortless workflows with expanded FOV
- Reline scanning and all-in-one functional impression capture

Impression Scanning

Fast and Accurate Scanning of Traditional Impressions

- Automatically converts impression scans into 3D models
- Supports various impression types for flexible use



The availability of applications may vary depending on regulatory approvals in each country.
Certain apps may not be displayed or offered in specific regions due to local regulatory restrictions.

Design & Tools

Medit ClinicCAD

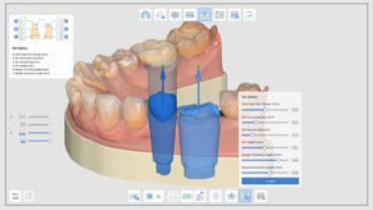
Chairside Prosthetic Design, Made Simple

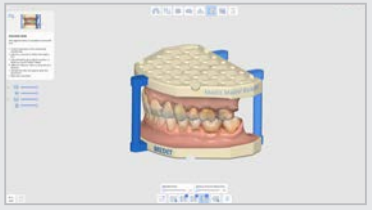
- Supports crowns, inlays, onlays, bridges, and more
- Complete designs in just a few clicks with step-by-step automation

Medit Model Builder

Fast, Automated Digital Model Creation

- Quickly generate printable models with auto-design features
- Includes tools for articulators, attachments, and advanced customization





Medit Splints

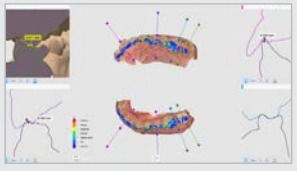
Easy, Custom Splint & Night Guard Design

- Intuitive UI/UX optimized for clinical workflows
- Versatile tools for a wide range of splint designs and indications

Medit Occlusion Analyzer

Quantitative Occlusion Analysis for Precise Adjustments

- Visualize pressure distribution and occlusal force mapping
- Reduce subjectivity and support accurate diagnosis with measurable data



Medit Design

Versatile Multi-Tool for Digital Dentistry

- Tools for data alignment, comparison, and analysis
- Expand clinical capabilities with flexible, all-in-one features
